SPEAKERS

JIM FREDERICKS, PH.D, BCE

Jim is the Executive Director for the Professional Pest Management Alliance. PPMA's mission is to promote, protect, and defend the professional pest control industry. PPMA acts as the consumer outreach arm for the National Pest Management Association, where Jim also serves as the Senior Vice President for Public Affairs.

PPMA works to educate consumers about the risks that pests pose to food, property, and public health through public service announcements, social media, web and traditional media relations, as well as conducting consumer research designed to help the pest control industry grow.

Jim is a Board-Certified Entomologist and has earned a bachelor's degree in biology education from Millersville University of Pennsylvania, and master's and doctoral degrees in Entomology from the University of Delaware.

Jim began his career in pest control in 1999 and spent the first 11 years in the industry working for a large regional pest management firm serving the Mid-Atlantic states.

JAMEL SANDIDGE, BCE, PH.D, MA

Dr. Sandidge has been involved in multiple levels of the pest management industry for the last 23 years. Dr. J. joined Nisus Corporation in 2019 as the Innovation Platform Leader for Pest Management Systems where he is responsible for driving the development and growth of new and existing products in the professional line. He is now the National Director of Technical Services, where he supports the industry through education, training and technical support. Dr. J. is a board-certified Entomologist who holds a Master's degree in Entomology and a Ph.D. in Ecology and Evolutionary Biology from the University of Kansas. While attending grad school he launched a pest management business, starting from the ground up. He owned and operated BRS Pest Control and Consulting for 9 years, gaining practical experience in the field solving complex pest management issues. Dr. J. previously served as a Research Entomologist with responsibilities in product research and development, efficacy testing, and technical assistance.

LAURIE JO JENSEN, BCE

Medical and Veterinary/Urban Industrial Board Certified Entomologist, SPCB OPR#12050, California DPR QAL (Categories A,B,C)

As an added value, any attendee that wishes to schedule a 30-minute ACE module one-on-one via zoom, will have access at no charge if contact is made within a month of our seminar.
